Objective

Computer Science undergraduate skilled in MERN Stack development and Data Structures and Algorithms in Java. Experienced in building responsive web applications using modern frontend and backend technologies. Strong problem-solving and analytical skills with a passion for software development and continuous learning. Seeking internship opportunities to apply technical expertise, contribute to innovative projects, and support organizational growth.

Technical Skills

Programming Languages: Java, Data Structures, Object-Oriented Programming (Basics), Python(Basics)

Frontend: HTML, CSS, Tailwind CSS, React.js

Backend: Node.js, Express.js

Database Management: MongoDB

Tools: MS Word, Git, GitHub, Postman

Projects

Portfolio Website — GitHub — Live Demo

Tech Stack: React.js, JavaScript, Tailwind CSS, HTML

- Developed a responsive personal portfolio website to showcase projects, technical skills, and achievements.
- Built reusable React components and implemented a modern UI using Tailwind CSS.
- Improved mobile responsiveness across multiple screen sizes.

Weather Application — GitHub — Live Demo

Tech Stack: React.js, JavaScript, OpenWeather API, CSS

- Developed a weather application that fetches and displays real-time weather data using the OpenWeather API.
- Implemented city-based search functionality and dynamic rendering of weather information.
- Integrated REST API calls and error handling to ensure a seamless user experience.

Tic-Tac-Toe Game — GitHub — Live Demo

Tech Stack: HTML, CSS, JavaScript

- Built an interactive Tic-Tac-Toe game with win detection, draw detection, and reset functionality.
- Implemented game logic using JavaScript and enhanced user interaction through DOM manipulation.
- Designed a responsive and intuitive user interface for an engaging gameplay experience.

Education

St. Mary's School, Barbil, Odisha (Class XII-ISC)

May 2023

- Grade : 81.6

Trident Academy of Technology (B.Tech CSE)

Sep 2024 – Aug 2028

- Grade : 8.47 (till 3rd sem)

Certifications

- Introduction to HTML, CSS, and JavaScript – IBM
- Getting Started with Git and GitHub – IBM
- Developing Front-End Applications with React – IBM
- Developing Back-End Applications with Node.js and Express.js – IBM

Achievements

- Grew a YouTube channel to 4,000+ subscribers through consistent content creation and audience engagement.
- Winner of the Talent Search Examination in school and awarded INR 1,000 for academic excellence.
- Secured 2nd place in the 4×100m relay race at the Annual College Sports Meet.
